

ANNOUNCEMENT

<http://dx.doi.org/10.1590/1679-78253200>

The *International Society of Impact Engineering* (www.impacteng.org) was founded during the 1st. *International Conference of Impact Loading of Structures and Materials, ICILSM*, in Turin, 22–26 May 2016. It aims to congregate researchers who share enthusiasm for the Impact Engineering, to promote and supervise the *ICILSM* Conferences, to be a repository of theses/reports, among others.

The Society is organized as follows:

Administrative Board

Marcílio Alves, President
Magnus Langseth, Vice-President
Genevieve Langdon, Secretary
Dong Ruan, Vice-Secretary

Board Members

Giovanni Belingardi
Tore Borvik
Vikram Deshpande
Stefan Hiermeier
Timothy J. Holmquist
Dora Karagiozova
Qingming Li
Guoxing Lu
Eric Markiewicz
Michael Worswick

Five Honorary Members, seen as personalities that have been contributing significantly to the development of Impact Engineering activities, were nominated: Prof. Norman Jones, Prof. Tomasz Wierzbicki, Prof. Narinder Gupta, Prof. Gerald Nurick and Prof. Tongxi Yu.

We urge researchers and engineers to register as a member of the International Society of Impact Engineering in www.impacteng.org.

We are all very keen to promote the Society and we hope to gain full support from the community.

Marcílio Alves

President, on Behalf of the Administrative Board and Board Members
